ASSISTANT PROFESSOR (TENURE-TRACK)

The Ostrow School of Dentistry at the University of Southern California invites applicants for a tenure-track faculty position at the rank of assistant or associate professor. The selected candidate will have a joint appointment in the Division of Periodontology, Diagnostic Sciences and Dental Hygiene and the Division of Biomedical Sciences.

Candidates must have a PhD in molecular biology, microbiology or relevant fields in infectious disease research, and should have a DDS/DMD or equivalent dental degree. Exceptional candidates without dental degree will be considered. Preference will be given to candidates with expertise and research interests that complement the existing basic and translational research areas of the school in biofilms, microbial pathogenesis, genomics, immunology and salivary diagnostics and oral infectious diseases. Successful applicants will be expected to establish an independent research program, obtain extramural research funding, and participate in teaching at the pre- and postdoctoral levels.

Interested applicants should submit a cover letter, complete curriculum vitae, statement of current and future research plans, selected recent publications, and a minimum of three letters of reference to:

Drs. Casey Chen & Paul Denny, Division Chairs  
c/o Office of the Dean  
Ostrow School of Dentistry of USC  
925 West 34th Street, DEN 203  
Los Angeles, CA 90089-0641

For more information and/or to apply: https://jobs.usc.edu/applicants/Central?quickFind=61157

Consideration of applicants will begin immediately and will continue until the position is filled.

USC values diversity and is committed to equal opportunity in employment. Women and men, and members of all racial and ethnic groups are encouraged to apply.
