DIVISION OF RESTORATIVE SCIENCES

The Ostrow School of Dentistry of USC seeks applicants for a full-time, non-tenure-track position at the rank of Assistant Professor of Clinical Dentistry in the Division of Restorative Sciences.

Primary responsibilities will be in the Advanced Dental Education Program in Prosthodontics and will include supervising clinical care, directing courses, daily evaluation of residents, as well as, clinical teaching in the area of restorative dentistry.

Candidates must have a DDS or DMD degree, a certificate from CODA-accredited advanced dental education program in Prosthodontics, and be licensed to practice in the State of California or eligible for California licensure. Past experience in treating extensively damaged dentition and interdisciplinary care is required. Candidates with additional training and experience in research, education and implant surgery are strongly encouraged to apply.
