The Herman Ostrow School of Dentistry of USC seeks applicants for a part-time, non-tenure-track position at the rank of Clinical Assistant Professor in the Division of Dental Public Health and Pediatric Dentistry.

Responsibilities include participating in various management activities of a large-scale public research and service grant that provides prevention and treatment services for children ages 0 to 5. Duties will include serving as a field member of a traveling anesthesia team, engaging in providing restorative dental services to children less than six years of age undergoing sedation at various community clinic site, and educating parents, caregivers and health providers about oral health related to the objectives of the grant. Additional responsibilities include teaching at the pre- and post-doctoral levels at the School and affiliated sites, as well as serving as a member of the project’s outreach team.

Candidates must have a DDS or DMD degree and be licensed to practice dentistry in the State of California. Candidates with additional education (MS, MPH) and/or experience in community health are strongly encouraged to apply.

Interested applicants should submit a cover letter, complete curriculum vitae, and arrange to have at least three letters of reference sent to:

Dr. Roseann Mulligan, Chair
