Herman Ostrow School of Dentistry of USC

[5/13/2022]

DEAN'S BI-WEEKLY MESSAGE

Dear USC Dentistry Community:

Today marks a special day as our Class of 2022 tosses their graduation caps into the air and celebrates the end of their educational journey here at the Herman Ostrow School of Dentistry of USC.

To our students, we are all so proud of you. The grace, courage, resilience and

positivity you exhibited these past few years as the world was turned upside down is so incredibly inspiring. I think I can speak on behalf of the faculty and staff to say that the dental profession is in great hands with you striking out on the next chapter of your professional journey as Trojan dental professionals.

And to our faculty and staff, I've said it many times before, but it certainly bears repeating. We could not have accomplished what we did throughout the pandemic — delivering an uninterrupted dental education to this class — without your creativity, ingenuity, adaptability and unrelenting work ethic. I am forever indebted to you for all that you've done to ensure this graduating class is competent, confident dental professionals.

With that, I wish everyone a Happy Commencement Day! Please take a moment to truly reflect on and revel in your accomplishments today. You join a select group of dental professionals today, who have received a dental education at the best dental school in the universe. And for that you should feel an immense sense of pride.

Stay safe, stay healthy and Fight On!

Avishai

Avishai Sadan, DMD, MBA
Dean
G. Donald and Marian James Montgomery
Professor of Dentistry
