Personal/Miscellaneous	\$3,496
Transportation	\$3,553

Optional Expenses

Parking Fees: \$72 to \$500 / trimester
Student Activity Book: \$200

Tuition and Fees

Tuition and mandatory fees are payable the first week of each trimester (September, January, May) and is the same for resident and non-resident students. A large percentage of USC dental students receive financial assistance. Students may apply for a variety of financial aid based on need and ability. Financial need is usually met through a combination of State and Federal loans, private loans, personal resources, and family support.

The preceding budget represents estimates of expenses which will be used as a guide in evaluating a student's financial need and also in the distribution of financial aid. Dental, extra medical costs, car payments, debts, charge accounts, spouse's education and child care cost are not figured into these budgets. Estimated standard budgets are based on a single person, living off-campus (Not living on campus or in University owned housing.) Amounts will vary depending on individual lifestyles.
